

SiteGiant Pricing Automation Tool

USER GUIDE

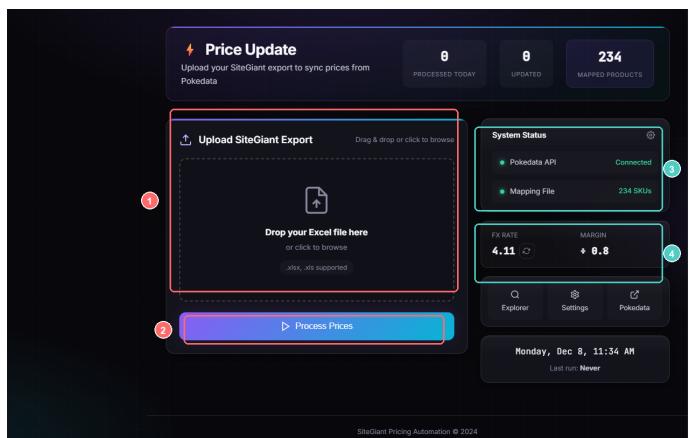

1. Quick Start

This tool syncs SiteGiant prices with Pokedata market values. Four simple steps:

- 1 **Set API Key** - Settings > Config > Enter Pokedata API key
- 2 **Create Mapping** - Link SiteGiant SKUs to Pokedata products
- 3 **Upload Export** - Upload SiteGiant .xlsx export on Home
- 4 **Process** - Click 'Process Prices' to generate output

2. Home - Price Update

Main dashboard for uploading and processing.

1 Upload Area

Drag & drop SiteGiant .xlsx export file

2 Process Button

Fetch Pokedata prices & generate output

3 System Status

API connection & mapping file status

4 FX & Margin

Current exchange rate and margin

3. Mapping Manager

Link SKUs to Pokedata products. Auto-lookup finds IDs from URLs.

1 Add

Manually add single SKU mapping

2 Upload

Bulk import from Excel/CSV

3 Refresh IDs

Auto-lookup Pokedata IDs from URLs

4 Search

Filter by SKU, name, or URL

5 Table

View/edit mappings, click icons for actions

SITEGIANT NAME	SKU	POKEDATA NAME	ID	LANG	AUTO	ACTIONS
Scarlet & Violet:Heat ...	LiveRip7070	Scarlet ex Booster Box	1455	EN	✓

4. Configuration

Set API key, pricing parameters, and thresholds.

The Configuration page includes the following sections:

- API Key:** Shows an input field with a red border and a "Connected" status indicator.
- Pricing:** Shows FX Rate (USD-MYR) set to 4.10649792 and Margin Divisor set to 0.8, with a "Save Pricing" button.
- Thresholds:** Shows two input fields for "Soft (Warning)" (20) and "Hard (Blocked)" (50) percentage values, with a "Save Thresholds" button.
- Mapping File:** Shows a file named "pokedata_mapping.xlsx" with details: File size 19.9 KB, Modified 2025-12-08 03:21:27, and Products 234. Includes "Download" and "Replace" buttons.

1 API Key

Your Pokedata API key (required)

2 Pricing

FX Rate (USD to MYR) & Margin Divisor

3 Thresholds

Warning & Block limits for price changes

4 Mapping File

Download or replace mapping file

5. Explorer

Search Pokedata products to find IDs for mapping.

1 Search Box

Enter product name to search

2 Mode Toggle

Switch between Name/ID search

3 Search Button

Execute search

4 Results

Click 'View Pricing' for price history

PRODUCT NAME	ID	LANGUAGE	TYPE
Jungle Booster Box	1328	JAPANESE	PRODUCT
Stormfront Booster Box	542	ENGLISH	PRODUCT
Unleashed Booster Box	554	ENGLISH	PRODUCT
Undaunted Booster Box	556	ENGLISH	PRODUCT
Breakthrough Booster Box	444	ENGLISH	PRODUCT
Evolutions Booster Box	92	ENGLISH	PRODUCT
Sword Booster Box	1293	JAPANESE	PRODUCT

6. Upload to SiteGiant

After processing, upload the output file back to SiteGiant:

1. Log in to sitegiant.co > Products > Webstore Listing
2. Click ... menu > Import Products
3. Drag your exported Excel file > Click Next
